 2. Medlab Track 2 - CME & CMTE accredited
 3. Asia Health Clinical Track –
 - a. CSSD webinar sessions (Decontamination and Sterilisation) are CNEU accredited
 - b. Imaging webinar sessions are not accredited
 4. Business Track – not accredited
 5. Industry Track - not accredited

CME (Continuing Medical Education) Claiming Procedure for Medlab Asia Virtual Edition

- 1 CME point will be granted for every webinar session attended under Medlab Track 1 and Medlab Track 2

For local attendees (Thailand)

It is mandatory for delegates who wish to claim CME points to include their **Medical License Number** and **First and Last Name in Thai** during the online registration process.

Your login and logout details for either live broadcast or on demand recorded session will be cross-checked when claiming points from the accreditation body. Delegate registration data without a Medical License Number cannot be processed and allocated for CME Activity.

Organizer calculates the total hours and will forward this to our accreditation partner, the Thai Society of Clinical Pathology, for them to enter this into the CME system. Delegate's account will automatically be updated with the points.

This may take maximum three weeks of completion after the virtual show.

Every delegate must be logged in from their own device using their own online delegate profile. Delegates cannot share their login to claim CME points.

For local speakers and moderators, you will receive 5 CME points for every webinar session attended. Please ensure that you have provided the **Medical License Number** and **First and Last Name in Thai**.

For any CME support related queries, please contact MAsupport@informa.com or add us on Line Application @medlab.asiahealth

For international attendees, speakers, moderators

Your login and logout details for either live broadcast or on demand recorded session will be cross-checked and calculated.

Delegate receives a CME certificate with the CME points from Informa, three weeks after the virtual show.

Delegate then uses this certificate to submit to their local accreditation body for cross-accreditation and conversion of points.

Recognition of the CME points depends on the respective countries.

For any CME support related queries, please contact MASupport@informa.com

CMTE (Continuing Medical Technology Education) for Medlab Asia Virtual Edition -Claiming Procedure

- **This conference is accredited by the Thai Medical Technologist Council, Thailand.
Reference Number: 1 04 010 20 10 10**
- **15 credits will be granted after completing all the webinar sessions scheduled under Medlab Track 1 and Medlab Track 2**

For local attendees, speakers and moderators (Thailand)

It is mandatory for delegates who wish to claim CMTE points to include their Medical Tech Number and **First and Last Name in Thai** during the online registration process. Delegate registration data without a Medical Tech Number cannot be processed and allocated for CMTE Activity.

Delegate must attend at least **17** webinar sessions at Medlab Track 1 and Medlab Track 2 to get full 15 credits.

Your login and logout details for either live broadcast or on demand recorded session will be cross-checked when claiming points from the accreditation body.

Organizer validates the total hours and will forward this to our accreditation partner, the Thai Society of Clinical Pathology, for them to enter this into the CMTE system. Delegate's account will automatically be updated with the credits.

This may take maximum three weeks of completion after the virtual show. Every delegate must be logged in from their own device using their own online delegate profile. Delegates cannot share their login to claim CMTE points.

For any CMTE support related queries, please contact MASupport@informa.com or add us on Line Application @medlab.asiahealth

CNEU (Continuing Nursing Education Units) for Sterilisation & Decontamination - Claiming Procedure

- **This conference is accredited by the Thailand Nursing and Midwifery Council.
Reference number: H006-L-63-C1-0003-1**
- **7 CNEU will be granted after attending all the Sterilisation & Decontamination webinar sessions at the Asia Health Clinical Track.**

For local attendees, speakers and moderators (Thailand)

It is mandatory for delegates who wish to claim CNEU points to include their Nursing License Number during the online registration process. Delegate registration data without a Nursing License Number cannot be processed and allocated for CNEU Activity.

Delegate must attend all 6 webinar sessions on Sterilisation & Decontamination to get full 7 CNEU.

Your login and logout details for either live broadcast or on demand recorded session will be cross-checked when claiming points from the accreditation body.

Informa validates the total hours and will forward this to our accreditation partner, the Central Sterilizing Services Association of Thailand, for them to enter this into the CNEU system. Delegate's account will automatically be updated with the credits. Delegate also receives a CNEU certificate.

This may take maximum four weeks of completion after the virtual show.

Every delegate must be logged in from their own device using their own online delegate profile. Delegates cannot share their login to claim CNEU.

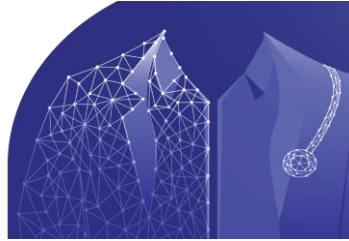

Delegate must fill up the online evaluation survey within 5 days after the show.

For local speakers and moderators, you will receive 7.5 CNEU when you complete all 6 webinar sessions.

For any CNEU support related queries, please contact MASupport@informa.com or add us on Line Application @medlab.asiahealth

For international attendees, speakers, moderators

Your login and logout details for either live broadcast or on demand recorded session will be cross-checked and calculated.

Delegate receives a CNEU certificate from Informa, four weeks after the virtual show.

Delegate then uses this certificate to submit to their local accreditation body for cross-accreditation and conversion of points. Recognition of the CNEU points depends on the respective countries.

For any CNEU support related queries, please contact MASupport@informa.com
